Activity summary

This Easter time why not use these egg-cellent cracked eggs to help with solving your maths problems? Cut out all of the shapes in the handout and come up with your own number problems and solve them yourself or test your friends and family to see if they can solve your equations!

What equipment will you need?

• The eggs-actly right handout
• Scissors
• A smooth, flat surface to work on

How to do it

Step 1
Carefully cut out the eggs and the shells from the eggs-actly right handout.
Activity title: Spring / Easter

Step 2
Put the shells with the correct eggs.

Step 3
Use the eggs to make and solve maths problems.

Easter fun

After all that hard work, here are some cracking jokes to make you smile:

- **Where does the Easter bunny go when it needs a new tail?**
  To a re-tail store.

- **What is the Easter bunny’s favourite playground game?**
  Hop-scotch.

- **Did you hear about the Easter bunny who sat on a bee?**
  It’s a tender tale.
Fun Easter facts

- The largest Easter egg ever made was over 34ft tall
- Rabbits use facial expressions and body language to communicate with each other
- It takes approximately 400 cocoa beans to make 0.5kg of chocolate
- 70 of the world cocoa trees are on small family-run farms in West Africa, where the beans are still picked by hand
