Circuits and symbols

- **Cell**
- **Battery of Cells**
- **Connecting wire**
- **Switch, make contact**
- **Resistor** (for reducing current)
- **Resistor, adjustable** (for varying current)
- **Junction** (of conductors)
- **Ammeter** (for measuring current)
- **Buzzer**
- **Light emitting diode (LED)**
- **Motor**
- **Switch**
- **Ammeter** (for measuring current)
- **Light emitting diode (LED)**
- **Motor**
- **Switch**
