

Wonder, question and discover with

FIRST® LEGO® League Jr. Discovery

FIRST® LEGO® League Jr. Discovery is a new 'learn while you play' STEM programme aimed at children aged 4-6 and delivered in school by class teachers.

Children work in teams of 4 to explore a real-world theme using a LEGO® Education Discovery model and then design their own models using LEGO® DUPLO elements to solve meaningful problems.

theiet.org/discovery

 @FLLUK  FirstLegoLeagueUK

Children work together to wonder and question, build and tinker, listen and share.

As they work, they develop valuable habits of learning and key skills:

- Perseverance and problem solving
- Team working
- Applying previous knowledge
- Confidence
- Language and literacy
- STEM skills

It's as easy as 1, 2, 3...

1

register your school at firstlegoleague.co.uk and receive your *FIRST*® LEGO® League Jr. Discovery set.

2

have fun exploring this year's theme by working through the 10-week programme in school whilst building and developing key habits of learning.

3

hold a Celebration Event in school to share the children's learning journey, ideas, models and new STEM skills.

Find out more at firstlegoleague.co.uk or email firstlegoleaguejrdiscovery@theiet.org.
