

Eye Spy

Are you planning a trip over the holidays? Play our fun Eye Spy game to pass the time and see what you can spot on your journey.

We've also included some fun facts and questions to get you thinking about all the interesting things around you! (Answers are available to download on the website: theiet.org/santa).

Tractor

Rubbish truck

Bus

Electric car

Solar panels

Wind turbine

Train

Speed signs

Motorway

Eye Spy picture facts

Here are some fun facts and questions to get you thinking about all the interesting things you've spotted around you! (Answers are available to download on the website: theiet.org/santa).

Tractor

Fun fact: tractors are not used just for farming, they are good at pulling cars out of mud or even out of rivers!

Tractor tyres are also sometimes filled with water or beet juice! Do you know why?

Rubbish truck

Fun fact: there is an island made just of rubbish in the ocean!

Can you think of some ways to help us stop making as much rubbish at home and school?

Bus

Fun fact: there are 32,000 buses in the UK and buses were originally pulled by horses!

How many electric buses do you think there are in London?

Electric car

Fun fact: electric cars are much better for Earth, as they do not use fossil fuels. They run on batteries.

Can you think of 3 other things that run on batteries?

Solar panels

Fun fact: solar panels make energy from daylight even on cloudy days!

What do we use energy for?

Wind turbine

Fun fact: large groups of turbines are called a 'wind farm' and these are sometimes built at sea.

Why do you think wind farms are sometimes built at sea?

Train

Fun fact: the first steam train was so heavy it broke the track!

What is steam and how is it made?

Speed signs

Fun fact: how fast our cars travel is called 'speed'. There are different road signs to tell us how fast or slow to go as we travel.

How many speed signs can you spot on your journey?
You can play 'which is faster?' and take turns to
compare two things – for example 'a snail or a beetle?'

Motorway

Fun fact: motorway signs are always blue and motorways are wider than the average road, with two, three or even four lanes so more people can travel at the same time.

What are some of the widest things you can think of?
