

# Updates & Clarifications

Updated August 22<sup>nd</sup>, 2023

---

(August 22<sup>nd</sup>, 2023)

**UPDATE 04 – ROLLING CAMERA RAIL CONSTRUCTION** – All mission models should be built according to the LEGO® Building Instructions, regardless of photos found within the Robot Game Rulebook. Paying close attention to the circled areas, when built correctly, the end of the rail should match the following:

**UPDATE 03 – CAMERA TARGET** – The “Camera Target Area” can be seen below:

**Camera Target Area**

---

(August 1<sup>st</sup>, 2023)

**UPDATE 02 – SCORESHEET UPDATE – MISSION 14** – The scoresheet values of Mission 14 found on page 30/31 of the Robot Game Rulebook are incorrect and do not match those found in the mission description. The second sentence of the scoresheet should read as follows:

If a target destination has at least one audience member completely in it: **5 EACH DESTINATION**

**UPDATE 01 – SCORESHEET UPDATE – MISSION 13** – The scoresheet found on page 30/31 of the of the Robot Game Rulebook mentions the following mission constraint:

*To score, team equipment may not be touching the craft machine at the end of the match.*

This constraint does not exist in this mission’s description and thus should be ignored. Restated, team equipment MAY be touching the craft machine at the end of the match.
